Relief shelters organized during Nepal Earthquake, 2015

An earthquake occurred in Nepal on April 25, 2015, with a magnitude on Richter scale as 7.8. Stranded victims & tourist at or near Nepal started moving towards India after the occurrence of an earthquake. Gorakhpur is the first City of Uttar Pradesh located in route from Nepal to India. The information that got prevailed after the occurrence of the earthquake was the large influx of victims/tourist in Gorakhpur for the next few days. In response to the above information, immediately relief camps were organized at Din Dayal Upadhyay University, Civil Lines Gorakhpur & PP Ganj, Campierganj Gorakhpur. Relief camps were highly appreciated by victims of earthquake & various state governments. Following mentioned were the facilities provided at the relief camps were:

- Free travel passes for victims
- Mobile ATM & currency exchange facilities.
- Dignified lodging and food facilities
- Adequate maintenance of health & sanitation.

Total ***1196 Trucks loads of relief material*** was sent. It included food stuff, mineral water, medicinal items, more than 50,000 blankets and tarpaulin, plastic sheets, towels, torches, mats, solar latterns, utensils, sleeping mattresses, clothes, rope. In addition ***84 trucks of transformers*** were also sent to revamp the electrical supply of Nepal. Hi-tech Relief Camp served more than ***11000 victims*** from ***17 countries of world and 17 states of India***. It received good praise from visitors, media and bureaucratic community.
