MOTIF

Patna Vihar Bird Sanctuary is a protected sanctuary in the Jalesar sub division of Etah district in Uttar Pradesh. It covers an area of 108 hectares, was founded in 1991. It is the smallest Bird Sanctuary in Uttar Pradesh, with a wetland area of only 1 sq.km. About 200,000 birds of 300 different species are habitat in the sanctuary. Pied Mynas, herons, cormorants & ducks and geese of all descriptions are also found in the Sanctuary.

More than 106 species of migratory and resident birds are known to have their resting habitats at Lake. The entire lake area gets covered by profuse growth of macrophytic vegetation of water hyacinth and Potamogeton species during summers. The water quality of lake supports wide range of avifauna during winter season.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic,

Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)-Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Smt. Neena Sharma,(IAS), Director of Census Operations Uttar Praesh. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

New Delhi.

Registrar General &
Census Commissioner, India

Preface

The District Census Handbook (DCHB) published by Census Organisation since 1951 Census, is one of the important publications in the context of planning and development at gross-root level. The publication, which is brought out for each district, contains several demographic and socio-economic characteristics (village-wise and town-wise) of the district along with the status of availability of assets, amenities, infrastructural facilities, etc of Households. It is expected that this publication will help the planners in formulation of micro level development plans.

The District Census Handbooks (DCHBs) are brought out in two parts giving village and town wise data for each district. The Part-A contains non-census data for each Village and Town and is called Village and Town Directories. The Part-B provides census data for rural areas up to the village level and for urban areas up to the ward level for each town or city in the shape of Primary Census Abstracts.

The present series of 2011 census DCHBs known as “**DCHB-Part-A**”. The village and town level amenity data have been collected in pre printed scheduled which was filled up by the district administration and compiled and computerized in prescribed record structure. The DCHB is to provide a descriptive account of the district along with motif and history, highlighting significant characteristic of the district, administrative setup, certain analytical report based on PCA and amenity data and village and town directory including the SCs and STs PCA up to tahsil/town levels as annexure. The data of C.D. Block (Vikas Khand) are at rural/urban and village levels are being presented in this volume. In Village Directory, all amenities were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given. This includes educational facilities, medical facilities, drinking water, post & telegraph, communication, bank, credit societies and recreational facilities being availed by the respective villagers. In Town Directory, the information of all statutory towns irrespective of their class, and basic amenities available in the towns are analyzed in depth with the help of a number of cross-classified inset tables and statements which reveals the significant characteristic of the Towns.

I am grateful to the Chief Secretary, Government of Uttar Pradesh and Principal Secretary and his team of General Administration Department Government of Uttar Pradesh in facilitating the required administrative support by getting directions issued to the district authorities required for effective conduct of this colossal task in the biggest state of the country in terms of population. I am thankful to the Commissioner (Rural Development), all the District Magistrates, Additional District Magistrates (Finance and Revenue), Tahsildars and Executive Officers of Government of Uttar Pradesh along with their subordinate staff need to be especially thanked and commended for their full cooperation and strict execution of issued instructions by ensuring time-lines and regular compliance.

I am also thankful to Dr. C. Chandramouli, Ex -Registrar General and Census Commissioner, and Shri Deepak Rastogi, Ex -Additional Registrar General of India for his valuable guidance & co-operations.

I extend my sincere gratitude to Shri Sailesh, Additional Secretary and Registrar General and Census Commissioner of India for his valuable guidance, constant support and co-operations to facilitating this. I acknowledge the guidance & co-operations of Shri Kameshwar Ojha, Additional Registrar General of India.

I am also thankful to Dr. Pratibha Kumari, Deputy Registrar General, Social Studies and her team for guidance and co-ordination. I acknowledge the support & co-operations of Shri A.K.Samal, Joint Director & his team and Shri A.K. Arora, Joint Director (EDP) and his team for processing of data without their untiring efforts and supports we could not have completed the district census handbook within time.

The Director of Census Operations, Uttar Pradesh, Smt. Neena Sharma, IAS, under her guidance, the entire operations were carried out deserves all credit for its success, but she was repatriated to the State Government for taking up some other important assignments before this volume could be made available. The preparation of District Census Hand Book Part A is done under the supervision of Shri Mohammad Ahmad, Deputy Director, and Dr. S.S. Sharma, Assistant Director of Census Operations. I heartily acknowledge and appreciate their hard work to make this successful.

I also acknowledge all officers/officials of Census, Data Center (DDE), DCH and Map Sections, who are directly and indirectly associated with this project. I thank all of them for their unstinted support and co-operation. I also acknowledge and appreciate hard work of those officers, whose name are given in the acknowledgment for writing of analytical note and preparing their Master Copy/CRC of District Census Handbook, Part-A-2011
