The documents to be enclosed and the detailed scope of the work are given in Annexure A and Annexure B respectively.

### **1. Scope of the Work**

The agency shall have enough technical expertise, experience and skilled manpower to carry out the following tasks:

- a) Establish a total fibre optic connectivity to the respective institutions to facilitate high speed content transmission from Government College of Engineering Kannur.
- b) Provide dedicated VLAN routing (any number of separate VLANs as requested by Government College of Engineering Kannur) through their system that can be managed by the College.
- c) Maintain the network 24x7, diagnose the fault and rectify the defects detected in a reasonable time.
- d) Carry out periodic (once in a month) preventive maintenance /service.

### **2. Eligibility Criteria**

The agency shall have their own standardised fibre-optic network (GPON) in the region that can be extended to cover all the enlisted schools in the region. In case, they do not have one, they are required to set up a new network at their own expenses to facilitate the project. There shall be no commercials involved towards setting up of the network. However, the subscription charges shall be paid from the project for a period of 36 months.

### **3. General Description of the Selection Process**

- (a) DeGS invites responses to this request only from authorized agencies, firms having proven credentials, technical expertise, credibility and with similar work handling experience.

- (b) Based on the evaluation of the information provided by the bidders, a short list of qualified agencies will be prepared by DeGS.
