COMPOSITE ACTION PLAN TO PREVENT WITCH HUNTING

No.12998-HOME-CHR-CASE3-0171/2015/HRPC.—

I. Background and Objective:

The Odisha Prevention of Witch-hunting Act, 2013 came into force on 25th April, 2014. The legislation aims at prohibiting witch-hunting and other similar practices. The penal provisions include offences such as witch-hunting, branding of a woman as a witch and other similar practices which may cause harm or injury to any person including the persons who are involved in such practices such as the witch doctor. There is also a penal provision for repeated offences. Even though, there are stringent punishments enshrined in this Act framed in 2013, instances of witch-hunting have come to the notice of the Government. Lack of awareness, superstition, deep rooted beliefs etc. have been found to be some of the key causes behind this practice.

A 'Composite Action Plan to Prevent Witchcraft' has been developed in consultation with various Departments to take strong measures for curbing the crime and creating awareness among the citizens against such blind belief.
