Sub: Regarding Operational and rationalisation of bed capacities of CCC Level-I

As per meeting held on 21-5-2020 with Medical Emergency Management Committee (MEMC), it is decided that with the emerging scenario of COVID disease the requirement of CCC isolation beds Level-I may be rationalised and operational guidelines are as under

1. All tested positive patients are to be assessed by RRT team & sent straight to level one (CCC), Level-II or Level-III as per their Clinical Status.
There by, the exposure from these positive patients to normal patients in non COVID hospital is minimized.
2. All High Risk patients (60 years +, or with co morbidities), though asymptomatic will be sent directly to Level-II for further observations.
3. Following CCC would be operational with linkage to small districts as

COVID Care Centres	Beds	Linkage with other Districts
