

All types of medical facilities being provided in the flood affected areas.

The health department of District Kapurthala is committed to providing all kinds of health services to the flood victims. Informing about this, Dr. Ramesh Kumari Banga said that according to the directions of the government and the department, all kinds of medical facilities are being provided to the flood victims. He said that the department has constituted a total of 20 medical teams which are working day and night.

He said that a total of 20 medical teams have been constituted by the department which are working day and night. Each team includes a medical officer, a pharmacist, 1 multipurpose health worker mail. Medical teams also include doctors' teams from the Zilla Parishad Kapurthala.

Dr. Ramesh Kumari Banga said that about 2835 patients have been treated by the team so far. Ramesh Kumari Banga also informed that sanitary pads are also being distributed free of cost to women by the health department. Not only this, people are also being made aware to avoid illnesses. Chlorine tablets are also being distributed
