

Inauguration of Revamped Bi-Lingual Website of District Sirsa on S3WaaS

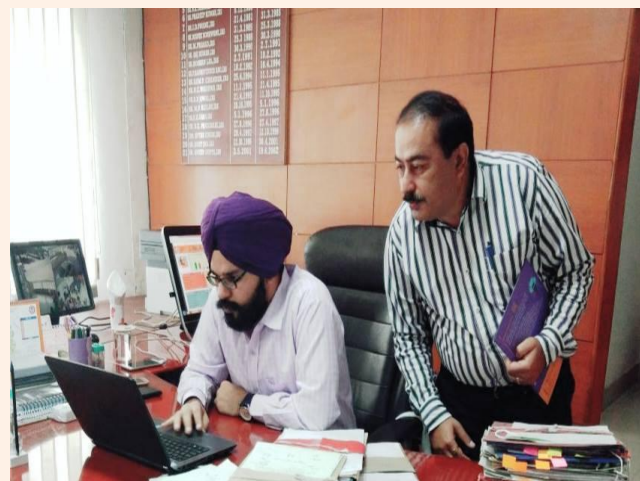

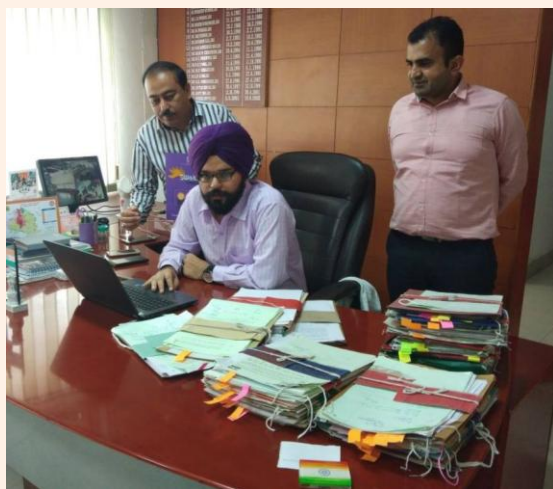

The Official Website of District Sirsa sirsa.gov.in on S3WaaS was inaugurated by Sh. Prabhjot Singh, IAS, Deputy Commissioner Sirsa on 19/03/2018 in presence of Dr. Ved Prakash, HCS, City Magistrate Sirsa and Sanjay Sawhney, District Informatics Officer, NIC Sirsa.

The website has been migrated on S3WaaS (Secure, Scalable and Sugamya) framework on 01/03/2018 in both English and Hindi language by NIC Sirsa Team led by Sanjay Sawhney, Technical Director, DIO under the guidance of S3WaaS Team NIC Haryana and New Delhi.

With this, Sirsa became the Second District in Haryana and Champion District of the Country to migrate District Website on S3WaaS.

The revamped website provides enhanced user-friendly functionalities and interfaces. It has responsive design i.e. it can be accessed through any internet ready device and is in compliance with GIGW (Guidelines for Indian Government Websites) standard web site norms and robust security standards.

After inauguration, Deputy Commissioner congratulated National Information Centre for the achievement.

District websites made Live (05th - 09th March)

HARYANA
Panipat Sirsa

BIHAR
Saran

MAHARASHTRA
Buldhana

The image displays four overlapping screenshots of district websites. From left to right: Panipat (Haryana) showing a building and a person; Sirsa (Haryana) showing a bridge and a person; Saran (Bihar) showing a person and a map; and Buldhana (Maharashtra) showing a person and a map. Each screenshot shows a modern, responsive web interface with various content blocks and navigation elements.
