Consequent upon detection/reporting of Corona Positive Cases in different parts of the territorial jurisdiction of district Sirsa from various Viral Research and Diagnostic Laboratories (VRDL) by RT-PCR/Rapid Antigen Testing, Containment Zones and Buffer zones are demarcated from time to time to prevent spread of COVID-19 in the adjoining areas and action plan as provided under the protocol, active search for cases through physical house to house surveillance; testing of all suspect cases as per sampling guidelines; contact tracing; strict enforcement of social distancing; clinical management of all confirmed cases; quarantine; isolation and other public health measures in the Containment Zones and passive search in Buffer Zone is also being carried out by the Health Authorities. - ii) ***De-notification of the Containment Zone will be done 14 days after discharge of last confirmed case (instead of 28 days)***
- iii) ***However, the surveillance for I.L.I./S.A.R.I. and their rigorous testing will continue in the de-notified Containment and Buffer Zones. If further positive cases emerge in the de-notified Containment or Buffer Zone, the area will again be declared as Containment Zone and the containment process shall begin afresh.***
- iv) ***The City/District/State will be declared free from the disease outbreak only after 28 days have passed since the last confirmed case has tested negative by RT-PCR.***

Keeping in view the above guidelines/instructions; Civil Surgeon, Sirsa vide his office letter No. IDSP/20/4058 dated 01.10.2020 has sent a list of thirty nine Containment Zones and suggested to scale-down surveillance operations/containment activities in these Containment Zones, as per guidelines referred at (i) above.
