

## ORDER

A situation has emerged where a young boy of 28 years of age has passed away. He had returned back from Gurugram, developed fever and passed away on April 2, 2020. This was brought into the notice of CMO, Panipat. The Swab sample for COVID -19 has been taken and report would be received in due time. Till then, it is required that the area should be contained from general public so that in case of any negative outcome of the sample report, the spread, if any, can be contained to this area. Apart from this, following measures should be implemented with immediate effect:-

1. Nakkas should be put up at all major entry & exit points to ensure strict no-man crossing. **(Action by: Police)**
2. Round the clock announcements should be made to ensure no panic in public. It shall reach to public that this is a special measure for everyone's safety and not to spread panic. **(Action by: CMC, Panipat)**
3. Rates of all essential commodities should be monitored to ensure supply to all residents. The same would be managed by Kiryana and Medical Stores of that are itself. No person, vendor, supplier from outside is allowed to make any sale purchase, even if they are allowed by the district administration within the boundary of district Panipat. **(Action By: SDM, Panipat)**
4. A PHC/Medical Facility/Nursing Home may be designated for the residents of this contained area to look after the symptomatic patients who may reach out to the marked facility. **(Action by: CMO)**
5. The boundary of area to be contained shall be finalised by the concerned Medical Officer and communicated to police and to all concerned. **(Action by: CMO)**
6. All RWAs of the area should be communicated about the plan to ensure confidence among public and its strict adherence. The plan would remain effective till the outcome of the report and further call would be taken depending upon the outcome of the report. SDM, Panipat would be overall in-charge of the contained area.

**All concerned to note for strict compliance**
