Sub - Promotion of awareness amongst the citizens belonging to OBC community for obtaining OBC certificate.

Sir,

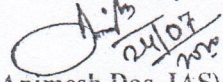

Since OBC reservation has not yet been implemented in the state of Tripura in appointments and promotions in service, the people of OBC community are less interested to obtain OBC certificate from the concerned authority.

It may however, be mentioned here that various schemes/scholarship programmes etc. of Central/State Governments are running for OBC communities. In order to derive the benefits of the schemes, OBC certificate is necessary. Only after obtaining OBC certificate the opportunity for Socio-economic upliftment by the persons of OBC community may be availed through different ongoing schemes.

In order to promote the welfare of OBC communities of the State, it is now needed to generate sufficient awareness amongst the citizens belonging to OBC community through your administrative machineries for obtaining OBC certificate so that over all Socio-economic upliftment of OBC community takes place in the State particularly through benefits of different schemes of Central/State Government.

Anticipating your co-operation in this regard.

Yours faithfully

(Animesh Das, IAS)

Director
OBC Welfare Department
