turn up in court. So on request of applicant, learned advocate commissioner Sri P.C. Maharaj was directed to measure the disputed land. He submitted report on 29.08.2018. So as per report, it was found that in disputed khata & plot on an area of 32 desimals in applicant's land's North- West portion, 03 feet wide x 44 feet long has been encroached by opposite party. Further, in South West portion, 06 feet wide x 13 feet Length is amalgamated into passage of western side.

So after looking the measurement report, it is found that in western side, it can not be said to encroached as it seems to be converted into common passage where as in North-West portion, 03 feet wide x 44 feet long seems to be encroached by op. So for making it free, applicant is being directed to seek remedy in any competent court. Further, measurement report, sketch map & Attendance sheet etc will be part of order.
