Issued by District Information and Public Relations Officer; Serchhip District, Serchhip.**

**WORLD TB DAY, 2021 OBSERVED AT
SERCHHIP**

Dated Serchhip, the 24th March, 2021: World TB Day, 2021 is observed today at Serchhip MJA Conference Hall by the organised of National TB Elimination Programme, Serchhip district and Dr. Laldawngliana, Chief Medical Officer is the Chief Guest of the function.

The Chief Guest highlighted some important information about Tuberculosis that it was discovered around 130 years back and the anniversary of that discovery is marked as World TB day thereon. Presently, around 4000 people lost their valuable lives due to TB and another 7000 cases are detected daily. He further mentioned that in a modern days with the discovery proper treatment and medication the disease is no longer a fatal the government of India also take an initiatives to eliminate this disease from the country by 2030.

Dr. Lalhlunpuii, DTO also give a speech with giving a report on the present status of Serchhip district. In the current years 24 patients obtain their TB treatment and 23 of them have already recovered while one patient was unfortunately died of the disease.

Mr. Lalsiamthara, Serchhip Bazar locality, a survival of TB also deliver his speech about how he could win the disease with the help of health department.

Today's ceremony is attended by an invited people in Serchhip town.
