

ETPBS Steps – Recorded Sessions

(Please watch the 4 Video(No Audio) in the order of serial number)

1. ERO Uploads Service Voter List in etpbs portal
2. RO Prepares e-Ballot using offline s/w
3. RO uploads the e-Postal Ballot and generate e-PIN in etpbs portal
 - ✓ Election Details and Upload e-Ballot
 - ✓ View and Approve e-Ballot
 - ✓ Generate e-PB Pin for Service Voters
 - ✓ Precounting --- This process will be on counting day only...
4. Service Voters downloads e-Ballot through Record/Unit Officer
(This step is for testing only. RO doesn't have any role in real time process. If we download e-ballot from here, it may be used for scanning purpose for testing i.e. Form13C-A-B).
5. Service Voter Cast the Vote and Send it by POST to RO.
