6. Burns
7. Eye Injuries
8. Puncture wounds
9. Psychiatric conditions
10. Dengue cases
11. Patients with medical & surgical conditions requiring secondary and tertiary care
12. Food Poisoning

**Referral Hospital:** Civil Hospital Ialong and Mission Hospital Jowai based on patients' request

**Mode of Transport:** (Free Transport is being provided to patients)

1. NASH Ambulance :
  - I. High Risk Pregnancies
  - II. Complicated Deliveries
  - III. Sick Newborns
2. 108 EMRI Ambulances:  
All types of patients needing referral

**Advanced Communication:**

A prior communication should be made with the Referral Hospital about the case to be referred.

**Post Referral Follow Up:** All cases that are referred to higher center should be followed up by the doctor on duty/staff nurse on duty by contacting the referral hospital or the patient over the phone or enquiring from the ASHA, who accompanied the mother at the time of admission, about the condition of the patient.
