Suvidha-Permission Web & Nodal Officer Mobile App

Overview

- Suvidha-Permission Module so this panel includes all permission-related information & features. We have two web portals, the first one is for RO level & the second one is for candidate level. This system is for applying, processing, granting and monitoring permissions. Candidates and political parties can apply for permissions during Election Campaign.
- Suvidha-RO Portal would be placed at every RO level in each sub-division. RO would have access to accept/reject permissions & add the following masters.
 - Police Station
 - Authority
 - Location

New Features

- Citizen can only apply permissions after login & that would be more helpful & secure to check their status.
- Receipts generated for every application that can be printed and handed over to the applicant on successful submission of the application in Offline mode & In Online mode Candidate can get the application receipt at submission time for future reference.
- The Application will be automatically reject in case of the same date/time & location at submission time.
- Concerned police station/Authority will automatically get notification on the nodal officer mobile app/SMS over registered mobile at permission submission time.

Candidates/Political Party Login

Candidate & political party can apply permission from the candidate panel. We have now simplified the UI.

Select User Role

A Candidate would have to select role only the first time. All dropdown roles would be: (Candidate, Party Representative, Candidate's Representative, Election Agent, Others)

The screenshot shows a web form titled "SelectRole". On the left, there is a large orange graphic with the Election Commission of India logo and the text "Election Commission of India". The form itself is on a white background with a light grid. It contains a dropdown menu with the placeholder text "Select Role Type" and a red "Submit" button.

Profile Update

Profile update is mandatory for new candidates/political parties, when someone updates this information then next time it will not come. We are taking this for apply permissions.

The screenshot shows a web application interface for 'Candidate Permission Management'. The top navigation bar includes 'Dashboard', 'Apply Permission', 'Profile', and 'Logout'. The main content area is titled 'Candidate Personal Details' and contains the following form fields:

- Name ***: Text input field with placeholder 'Enter name'.
- Father's / Husband's Name ***: Text input field with placeholder 'Enter name'.
- Email ***: Text input field with placeholder 'Email ID'.
- Mobile No ***: Text input field containing the value '9910575504'.
- Gender ***: Radio button selection with options: Female, Male, transgender.
- Date of Birth ***: Text input field with placeholder 'date'.
- Address ***: Text area with placeholder 'Enter current address'.
- State Name ***: Dropdown menu with placeholder '-- Select State --'.
- District ***: Dropdown menu with placeholder '-- Select Districts --'.
- AC ***: Dropdown menu with placeholder '-- Select AC --'.

A blue 'Submit' button is located at the bottom right of the form.

Candidate Dashboard

Candidate can check all applied & accepted permissions from the dashboard.

The screenshot shows the 'Candidate Permission Management' dashboard. At the top, there is a navigation bar with 'Election Commission of India' and links for 'Dashboard', 'Apply Permission', 'Profile', and 'Logout'. Below this, there are four tabs: 'Applied Permission (88)', 'Accepted Permission (3)', 'Rejected Permission (1)', and 'Pending Permission (81)'. The 'Applied Permission (88)' tab is selected. A 'Show 10 entries' dropdown is visible. The main table displays the following data:

Sr. No	Permission Id	Permission Type	Status	Date of Submission
1	1	Permission to hold meeting & loud speaker	Accepted	2019-01-18 11:50:28
2	2	Permission to open a temporary party office	Accepted	2019-01-18 11:54:50
3	3	Test permission1	Reject	2019-01-24 12:06:14

5	5	Permission New3801	Pending	2019-01-28 09:57:11

Apply Permission

After the profile update, candidate/political party can apply for permission. All authorities will come AC wise & will automatically assign. Nodal officer will get a notification on the Nodal Officer App. They can verify & accept/reject permission and another option is Nodal Officer can send a verified copy to RO & RO has to upload that copy from RO Portal, then after RO can accept/reject the permit.

Candidate/political Party can apply for the following permissions & these permissions can be only added by CEO Level.

- For meetings
- For rallies
- For vehicles
- For temporary election office
- For loudspeakers
- For helicopters and helipads
