APPEAL

I Ragul K, IAS, District Collector, South Sikkim appeal to all employees of pharmaceutical companies of the District to join their duty willingly. I appeal to all house owners and general public to allow the employees of the pharmaceutical companies to go to their work. Pharmaceutical companies are engaged in the production of essential medicines and medical equipments and they have been taking care of the hygiene of their employees as per instructions of the Government.

Further in order to mitigate the hardship of workers, the Government of Sikkim has advised all the pharmaceutical units operating in the state to provide an additional incentive wages of Rs 300/- per day to all the workers who report for work during lockdown period.

If the employees of the pharmaceutical companies do not join their work or if they are not permitted to join their work, appropriate action under the Disaster Management Act, 2005 shall be taken.

District Collector-cum-District Magistrate
South Sikkim
District Collector
South, District Namchi
