## TB Control Programme में NGO की सहभागिता हेतु अल्पकालीन सूचना

अभियान निदेशक, राष्ट्रीय स्वास्थ्य मिशन, झारखण्ड सँची के पत्र संख्या 1275 (MD) दिनांक 20.12.2018 के आलोक में पुनरीक्षित राष्ट्रीय यक्ष्मा नियंत्रण कार्यक्रम के अन्तर्गत गिरिडीह जिले में TB Control Programme में Private Sector की सहभागिता हेतु Patient Provider Support Agency (PPSA) अन्तर्गत सक्षम NGOs की चयन की जानी है।

अतः Patient Provider Support Agency (PPSA) गिरिडीह के तहत इच्छुक NGOs से कार्य सम्पादन हेतु बजटीय प्रावधान के साथ प्रस्ताव (Expression of interest) आमंत्रित की जाती है।

RNTCP is a National Health Programme for the tuberculosis patients. Almost 50% of TB cases seek care in the private sector. TB control in India may remain distant dream unless TB patients in private sector are provided quality TB Management services. There is a gap left by Public & Private sector and need to have support agency through NGO to assist district authorities in following activities per partnership guideline

### Activities of PPSA :

1. ACSM at Community Level
2. Improving TB Control in Urban Slums.
3. Sputum Pick up & Transportation for CBNAAT/C & DST LABS.
4. Promoting adherence of TB cases

### Major Objectives :

1. Mapping of Private Providers
2. Networking with and sensitization of Private health facilities.
3. Engagement of Pvt. Sector under programme
4. Continued Medical Education (CME) for the private providers.

### Service Delivery Linkages in private sector –

- Sample collection and transportation.
- Recording and reporting support to private sector
- Logistic support for free FDC support to private sector
- Facilitate free diagnostic and drug to private sector
- Treatment initiation and adherence support for patients in private sector.
- TB notification and treatment outcome reporting
- Facilitate RNTCP provisioned incentives to patient and private providers.

### Output indicators

1. TB Notification rate for private sector in the district Giridih -1293 (in six months)
2. Sample collection & transportation for CBNAAT/DMC lab :80-85% of the private notified cases
3. Public health actions for 90% TB patients notified during the period & residing in the urban area of the district.
4. Successful treatment outcomes of 75% for notified TB patients residing in the urban area of the district.

### Eligibility of the NGOs interested must submit & include the following documents

1. Technical proposal with details of activities & elaboration of process/methodology.
2. Financial proposal detailing the proposed budget.
3. Timeline for implementation & activities.
4. Prof of past experience.
5. NGO registration document.

1. इच्छुक NGOs Financial Support documents के साथ अपना Technical proposal मुहरबंद लिफाफे में दिनांक 09.03.2019 के अपराह्न. 5.00 बजे तक जिला यक्ष्मा पदाधिकारी का कार्यालय जिला यक्ष्मा केन्द्र सदर अस्पताल परिसर गिरिडीह में जमा कर सकते हैं या निबंधित डाक से भेज सकते हैं-
2. प्राप्त प्रस्ताव एवं बजटीय प्रावधान के अनुसार चयन समिति द्वारा NGO का चयन किया जायेगा। NGO के चयन में चयन समिति द्वारा लिया गया निर्णय अन्तिम एवं मान्य होगा।
