### TAHSIL AND BLOCK LEVEL COMMITTEE FORMATION FOR DISASTER RISK MANAGEMENT PROGRAM

The main aim of Disaster Risk Management Program is to create awareness among the people regarding various disaster that take place in state.

In order to create awareness among the people nodal agency "Disaster Management and Mitigation Centre" Dehradun for the Disaster Risk Management Program has decided to form committees and action plans at various levels hierarchy during the two workshops within the district. This committee should involve the people from the government organisation, NGO's, Panchayati Raj Institution (PRI) as well as people from the other fields =. These committee should comprise of at least 10-12 members at various levels such as District Chamoli, Tehsil, Block, Gram Panchayat, Village and Urban Local Bodies.

Committee at District, Tehsil, Block have already been informed but the training at Tahsil and Block level is yet to be undertaken. Letters regarding information for the formation of similar type of committee at Panchayat level have already been dispatched. There are 1256 revenue villages in the district; here committee formation can only take place after the training will be provided to members at Block level and Tehsil level. Names of the members of the committees formed at District, tahsils and block level enclosed.

**Disaster Management Committee, Block Tharali**
