Sub: Protocol for persons engaged in maintenance of production, supply, storage, transport and distribution etc. of essential commodities and services during lock down to contain COVID-19.

Regarding the subject mentioned, it is hereby informed that the persons engaged in maintenance of production, supply, storage, transport and distribution etc. of essential commodities and services during lock down to contain COVID-19 shall follow the following guidelines:

1. Regular hand washing/sanitization. For this, the concerned department/establishment shall ensure availability of soap and water or hand sanitizer, whichever is available.
2. Respiratory etiquettes to be followed i.e. coughing and sneezing in fold of elbow or tissue paper. Discard tissue paper immediately after use
3. Avoid touching face and mouth
4. Maintain social distancing
5. Do not engage for work a person with respiratory symptoms. Refer such person to nearest health facility
6. Supervisory Sector Teams involved in Surveillance of persons with history of travel abroad whose lists are regularly shared shall wear triple layer mask and gloves while doing surveillance.
7. Rapid Response Teams visiting the reported symptomatic person for screening shall wear triple layer mask and gloves
8. Driver and helper of the ambulance transporting symptomatic person, if sitting in a separate chamber of the ambulance shall wear triple layer mask and gloves. Teams in the back cabin of ambulance accompanying the symptomatic person shall wear complete PPE kits.
9. The symptomatic person before travelling to isolation facility shall wear triple layer mask

In case of any doubt, please contact Civil Surgeon of the respective district for clarification.
