## Foreword

In response to Letter no. 1/7/DIP/2015/MSME-DI dated 20/05/2016 of O/o DC (MSME), M/o MSME, Govt. of India, the District Industrial Profiles of all 21 districts of North Bihar under the jurisdiction of the MSME- Development Institute, Muzaffarpur have been updated as per data available for latest years.

This report contains details of geographical information, topography, mineral and forest resources, industrial scenario, social infrastructure, supporting institutions, related statistical data and other information relating to MSME sector in the East Champaran district. The relevant data have been collected from various government agencies and other institutional sources.

I take this opportunity to appreciate the efforts put in by our officer, Shri Avishek Chanda, Assistant Director (E.I.) for updating the report.

I sincerely hope that this report will serve as a valuable guide to the entrepreneurs and will also be useful to other stakeholders.

Dated: August 26, 2016

Place: Muzaffarpur

(P. K. Gupta)  
Deputy Director In-charge

## Brief Industrial Profile of East Champaran District

### 1. General Characteristics of the District

East Champaran is one of the thirty-eight district of state of Bihar with it's headquarter at Motihari. It came into existence on 1st of December 1971 after the split of Champaran district into two districts, viz. Purbi Champaran & Paschimi Champaran. The name of Champaran owes its origin to Champa-aranya or Champkatany. Champa or Champaka means Magnolia and aranya means forest. Hence Champaranya means Forest of Magnolia (CHAMPA) trees. It is popularly believed that the nomenclature here was made while the vest forest part was inhabited by solitary ascetic. It is needless to say that Purbi means Eastern side.

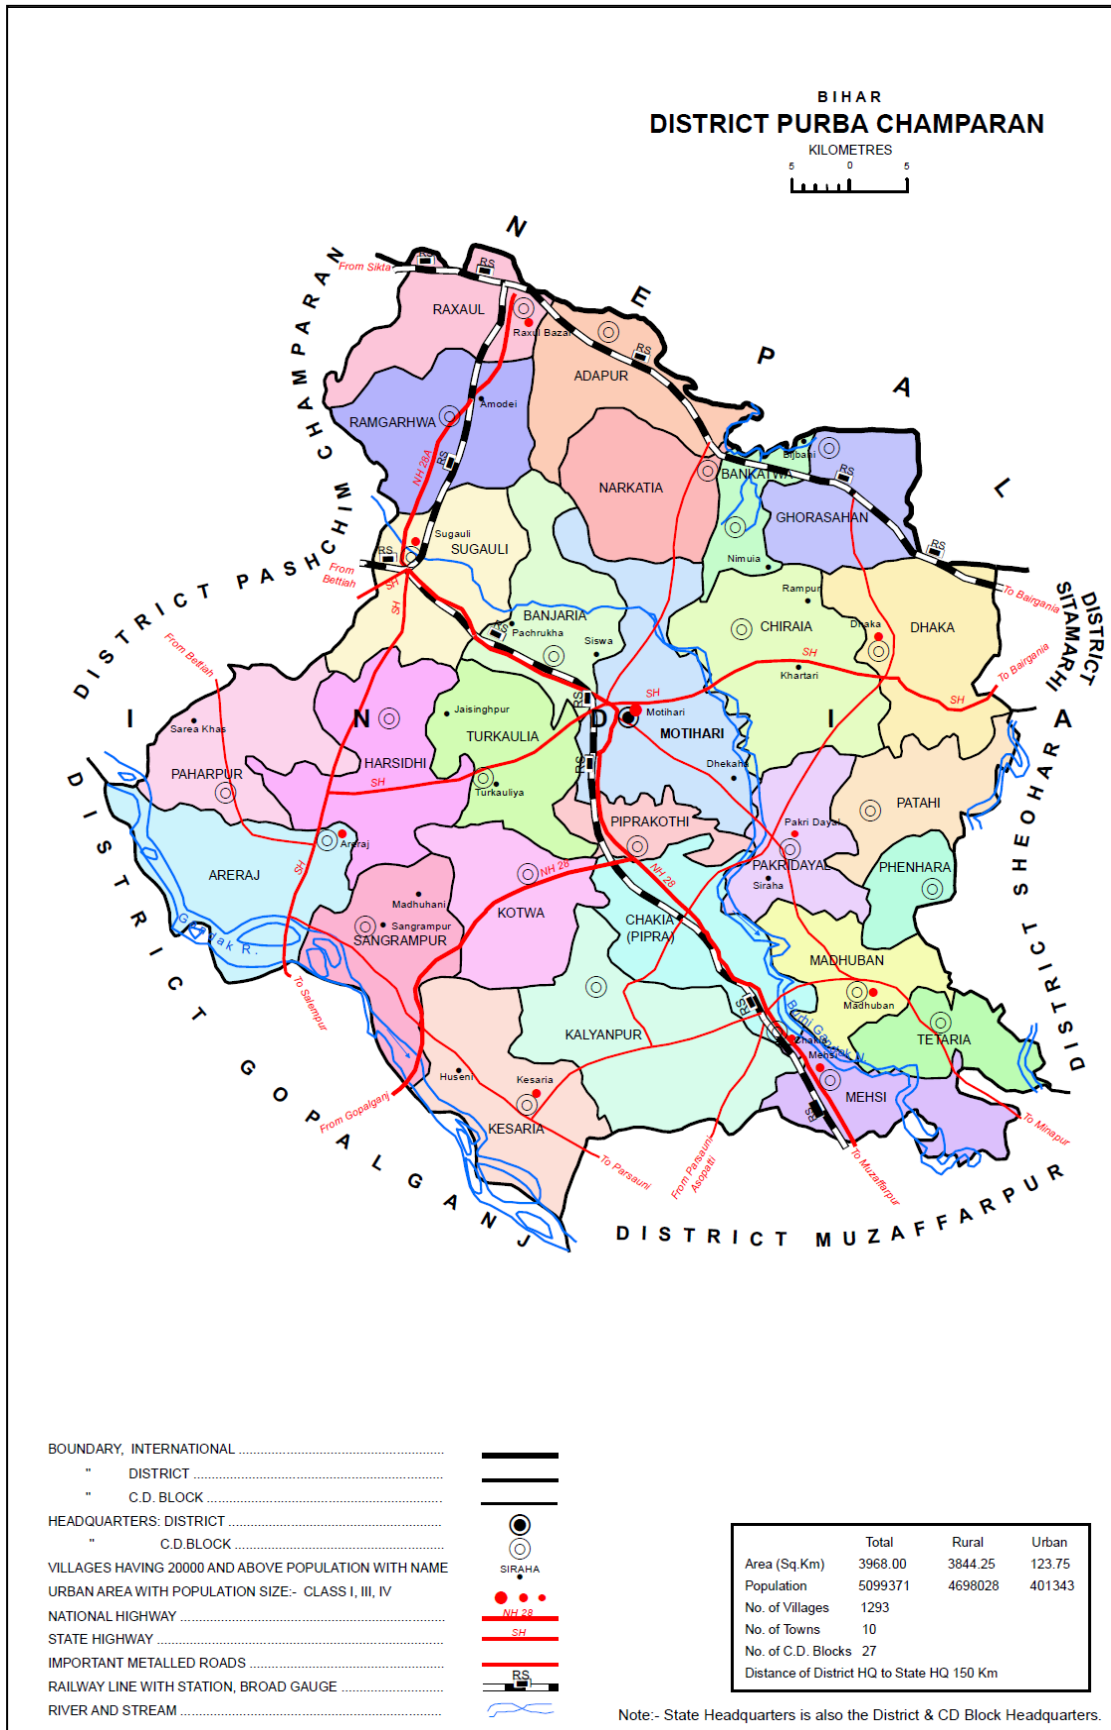

#### 1.1 Location & Geographical Area

East Champaran is located at 26°16'-27°01' North Latitude and 84°30'-85°16' East Longitude. East Champaran is surrounded by Nepal in the north, Muzaffarpur and Gopalganj in the south, Sitamarhi and Sheohar district in the east and Gopalganj and West Champaran in the west. It is situated in the plains of river gandak, burhi gandak and baghmati. East Champaran district occupies an area of 3968 square kilometer or 1532 square miles. The primary occupation of the people of the district is agriculture.

#### 1.2 Topography

In general the district exhibits a high to low land with few gentle undulations. The drainage system of the district is controlled by the river Gandak, Burhi Gandak & Baghmati & its tributaries.

The district receives a normal rainfall of 1241.6 mm. The economy of the district mainly depends upon agriculture. It has seen several ups and downs perpetuated by Baghmati in the form of flood, famine and drought. Flood and drought has remained the regular feature of the area.

### 1.3 Climatic Conditions

In summer the climate of the district is hot and dry but winter months are quite cool and pleasant. Winter comes towards the middle of October after the rains are over. The temperature begins falling and January is the coldest month of the year with mercury falling to about 0°C. The blowing of westerly wind accompanied by dust storms about the middle of March marks the beginning of hot weather. The mercury starts shooting upward and May is the hottest month of the year when the maximum temperature goes up to 46°C. The summer continues till the end of June when the onset of rains brings the much awaited relief and the temperature falls, though the humidity is still high the rise in humidity often makes the heat only more oppressive during the rainy season which lasts till the end of September. From November onwards to February the district has a pleasant climate. The district also gets some rain in winter season.

### 1.4 Availability of Minerals:

No mines and minerals worth-mentionable are found in the district of East Champaran. There are beds of Kankar in parts of the district and saltpeter is found almost everywhere.

### 1.5 Forest:

The forests are mostly disappeared in the district. Peepal, Neem, Jackfruit, Tamarind etc. trees are found in the district.

### 1.6 Electricity and Power

The district receives its entire power supply from Bihar State Electricity Board. All the towns of East Champaran district have electricity. In the rural areas of the district, the Government is trying to extend electric line to the maximum number of villages by implementing various schemes for rural electrification. 822 Villages of the district are electrified.

## 1.7 Administrative set up

The district is divided in 6 Sub-divisions and 27 blocks & 42 police stations to govern the area properly.

## 2. District at a glance
