4. Office copy.

(Bijoy Talukdar)  
Deputy Commissioner  
Namsai

**A. Movement of Vehicles:**

Sl No	Type of vehicle	SOP to be followed
1	Goods carrier:	The Driver & handyman/ helper must be subjected to screening for COVID-19 symptoms and only asymptomatic persons are allowed to drive-in the goods vehicle. If found symptomatic, the SOP for symptomatic people mentioned below shall be applied. The Vehicle must be disinfected properly at the check gate prior to entry into the state.
2	Private vehicles	Only the vehicle with valid pass issued by competent authority is allowed to go outside or come inside The drivers/ people traveling in such vehicle must be subjected to screening before allowing the vehicle to enter Vehicle must be disinfected prior to entry into the state
3	Ambulance	The ambulance carrying patients must have a movement order / referral certificate / release order of patients. All the people traveling must be subjected to screening before allowing entry into the state. Vehicle must be disinfected prior to entry into the state.

**B. Movement of General Patients referred outside & Escort :**

- Only critical & emergency type of illness to be referred outside state by health department. Non-emergency and routine type of cases may be treated at normal OPD.
- Only one escort shall be allowed to accompany the patient so referred. If more than one escorts are accompanying the patient, a certificate to that effect from Medical Officer is necessary.
- On return after treatment from outside, the patient as well as the escort must be subjected to screening for COVID-19 like symptoms.
- Asymptomatic returnee patient (treated outside) with escort shall be put on Home- quarantine for 14 days and symptomatic one shall be put on CCC / CHC as per SOP.

**C. Movement of returnee People/ Students:**

As soon as a returnee arrives in the Dirak check gate he will go through screening tests by a medical team and categorized as per table below-

Sl no	Categorization after screening	Accommodation plan	Transportation	Remarks
<b>A</b>	<b>Symptomatic : With any symptoms related to COVID-19</b>

### Sequence of events as and when a person arrives at Dirak check Gate

1. The security personal will ensure lining up of returnee maintaining social distancing norms i.e. minimum 1 meter distance.
2. Every returnee will be first asked for hand washing and then given hand sanitizer.
3. Every returnee must wear face mask. If there is no face mask, he shall be provided with one by Police.
4. The returnee then proceeds to luggage sanitization zone and sanitize his/ her luggage.
5. Thereafter he/ she will go to medical screening unit and then to data entry operator for capturing his/ her details online.

### SOP FOR DIRAK CHECK GATE

6. After completion and submitting the form online, a printout will be taken out for signature of the Magistrate for the order. The checking of ILP/ documents shall also be taken up at this point.
7. Quarantine order in home district shall be issued by Magistrates of respective Districts for asymptomatic returnee.
8. Isolation in CCC/ CHC-Namsai order shall be issued by Magistrate of Namsai District for symptomatic returnee on recommendation of Medical Officer.
9. The symptomatic returnee with a copy of the order now will proceed to Ambulance for CCC/CHC.
10. The asymptomatic returnee will proceed to the APST buses of respective district for quarantine centres in Home district.
