

**DEPARTMENT OF ECONOMIC & STATISTICAL ANALYSIS,
HARYANA**

CITIZEN'S CHARTER

The Department of Economic & Statistical Analysis, Haryana is the nodal department for collection, compilation, analysis, interpretation and dissemination of all types of statistical data relating to the socio-economic development of the State. It provides upto date statistics to planners, policy makers, research scholars and institutions working for overall economic development of the State. The department bring out the various annual and adhoc publications as per list attached and presents two publications namely "Statistical Abstract of Haryana" and "Economic Survey of Haryana" as Budget Document at the time of Budget Session of Vidhan Sabha. The department prepares Annual and Five Year Plan of the State by coordinating and monitoring the Plan Formulation work of the line departments and review the progress of 20 Point Programme in the State. It also allocates united funds to the districts under District Plan Scheme for grass root level planning and development works. The department also conducts evaluation studies of the development plan schemes.

District Plan Allocation

Allocation of funds

The gap of financial resources of different departments at district level for executing various development works is met out under District Plan to take up the projects/works of local importance. Funds are allocated to the districts on the basis of total population, S.c. population, number of villages and literacy level in the districts.

Where to submit

The proposals approved by Panchayati Raj Institutions/ BDPOs/Municipalities are submitted to Additional Deputy Commissioner-cum-Chief Planning & Development Officers, being the ex-officio Member Secretary of the District Planning Committee for examining the viability of works.

Who is sanctioning authority

District Planning Committee sanctions the proposals/works at district level. These are strictly in accordance with the guidelines. Funds are released to implementing departments/agencies by AIX-cum-CPDOs for the execution of works.
