Inform about the travel history and follow the directions provided. Isolate yourself at home and wear a mask till such time you are examined by a doctor from health authority. Follow the directions of the health authority.

All incoming international passengers returning to India should self-monitor their health and follow required Do's and Dont's as detailed by Government. The notice is issued as a prevention and control intervention to avoid/decrease contact between those who are infected with a disease causing pathogen and those who are not, so as to stop or slow down the rate and extent of disease transmission with the family or in a community.
