C/S
20/11/2021

7. The applicant must install meter to measure drawl of groundwater from the bore well and monthly record of the same will be maintained for scrutiny.
8. The applicant shall inform the area Sub-Divisional Magistrate about the date, time and name of drilling agency involved before the start of construction of bore well/tube well.
9. This office may inspect the bore well and rain water harvesting system to analyze their proper use.
10. This applicant should use re-cycled waste water for the purpose other than drinking.
11. The permission is for the period as intimated by DJB/NDMC and can be withdrawn/cancelled at any time without assigning any reason, if the contingency so demands.

A. Other decision taken/observation made in the meeting.

1. The DJB and NDMC were once again directed to provide to the District Level Advisory Committee (DLAC) all details pertaining to the Voluntary Disclosure Scheme (VDS) relating to bore-well that was launched in the year-2013. Further, it was also decided that in cases any policy to deal with these cases has been notified, the same be provided to the District Level Advisory Committee (DLAC). In case, no such policy exists, the DJB and NDMC shall formulate a policy for dealing with such cases in the next meeting. Also, all pending VDS cases to be placed before the DLAC in the next meeting.
2. DJB and NDMC were once again directed to place before the committee the details of the permission issued by them alongwith the format prescribed for such permission. It was proposed that the same shall include certain conditions like time period of permission, water extraction limit and direction for developing alternate sources of water.
3. DJB and NDMC were once again directed to provide a list of all permission granted for existing bore well till date. It was also decided that the possibility of uploading the same in public domain/website should be explored.
4. DJB & NDMC were directed to avoid table agenda and to submit proposals/recommendations well in advance alongwith all relevant documents i.e. copy of application form, map of the proposed site for bore well feasibility report etc. before the meeting in order to avoid any inconvenience in the DLAC meetings.

The meeting ended with vote of thanks to the Chair.
