2) The duties and responsibilities of the Inter-Departmental Zonal Teams are as follows:

They are responsible for all activities of Preparedness, Rescue, Relief and immediate Restoration in those areas. They should actively involve the First Responders in respective areas to ensure timely evacuation and minimize the loss of lives. They should be sensitized to prioritize most vulnerable like differently abled, senior citizens, women and children.

It should be ensured that exclusive teams are formed for areas of Very high vulnerability and high vulnerability to the extent possible. Backup teams should also be constituted to provide relief to the main teams.

All Inter Departmental Zonal Teams should have the booklet of vulnerability maps and should familiarize the issues concerned and interact closely with First Responders.

Further, The team should visit vulnerable areas in the respective Taluk and inspect the works taken up in the water bodies including tanks/ supply channels in the Vulnerable areas under MGNREGS/ CSR/ THAI, Watershed and Other schemes and desilting works carried out as per G.O. Ms.No.50, Industries, Dt:27.4.2017.

Further, the teams are directed to identify encroachments in the water bodies and evict them before the onset of North East Monsoon. The Inter-Departmental Zonal Teams must submit their inspection reports with photographs within a week.
