A. Terms and conditions:

1. The tender should be submitted Part A Technical Bid and Part B Commercial bid enclose with EMD separately in sealed covers and all the three covers to be placed in another cover superscribed with the subject of the tender, tender reference and due date of opening of the tender.
2. The tender should be addressed to the Managing Director, Tamilnadu Salt Corporation Ltd. L.L.A. Building, IV Floor, 735, Anna Salai, Chennai – 600 002 by designation.

Signature of the tenderer

3. a) Sealed tenders should be submitted through reliable Courier/Speed Post/RPAD or in person at our Corporate Office, Chennai. No tender box system.
b) The tender should reach the Managing Director, Tamilnadu Salt Corporation Limited, Chennai 2, by 3.00 PM on 27.02.2019 at the latest. Tenders received after that time and date will not be accepted.
4. The tender should be accompanied by

Specified Earnest Money Deposit (EMD) as prescribed in the Commercial Bid for the group or Groups for which tendered. EMD shall be paid by way of DD drawn on any Nationalised bank payable at Chennai in favour of Tamil Nadu Salt Corporation Ltd. Tenders received without EMD shall be summarily rejected.
5. The Technical Bid will be opened by the Managing Director, Tamilnadu Salt Corporation Ltd., Chennai-2 in the presence of tenderers who choose to be present at 3.30 PM on **27.02.2019**.
6. After opening the Technical Bid, only the eligible tenderer's Commercial Bid will be opened by the Managing Director, Tamilnadu Salt Corporation Ltd., Chennai 2 in the presence of tenderers who choose to be present at 3.30 PM on 27.02.2019.
7. The Corporation reserves the right to conduct or not to conduct negotiations. Therefore, the rates quoted should be firm. In case negotiations are held, the tenderers or their authorised representatives should be present at the time of opening of the tender to participate in the subsequent negotiations. It shall be noted that if the tenderers or their authorised representatives do not choose to be present at the time of opening the tenders and in case negotiations are held, the rates quoted in the tender by them would be taken as final.
8. The tenderers should quote firm rates both in figures and words separately for each item of work as indicated in the price bid enclosed. The rates should be realistic and genuine. In case the rate is not considered by the Corporation to be realistic, comparing to past experience and cost computation of rates, additional 2% SD shall be required to be paid up front by the contractor for execution of agreement.

Signature of the tenderer

9. If the tender is not accepted, the EMD will be refunded to the unsuccessful tenderers within two months from the date of tender or after finalizing the contract whichever is earlier upon requisition from the tenders for refund of EMD in writing.
10. The EMD remitted as specified in the Commercial bid. In respect of successful tenderers EMD will be adjusted against the Security Deposit (SD) of 2 per cent of contract value for satisfactory performance of the contract and to cover loss, shortage etc. The total SD inclusive of EMD shall be paid within ten (10) days of issue of work order. The EMD and SD shall not carry any interest. The Corporation reserves the right to increase the SD upto 4% depending upon the performance of the contractor and to withdraw the amount from bills to be paid.
11. The tenderer should take all the insurance including third party towards the above contract covering all possible risk and no liability whatsoever is to be claimed from the Corporation.
12. The tenderer should meet out all the statutory obligations.
13. The tenderer should furnish the list of workers in the format prescribed engaged by him during the week with all details properly filled up and also furnish a monthly summary for preparation of EPF etc. acquaintances. The contractors shall also, where relevant, furnish the details of remittance of EPF to the workers before 20th of every month to this office to enable payments for part bills. He should follow the EPF rules and regulations and all the labour laws including the Minimum Wages Act. In respect of labour laws the Corporation is not responsible for the employees of the tenderer. In case of failure to produce the details of remittance of EPF to the workers before 20th of every month, we reserve the right to retain relevant amount in addition to prescribed penalties.

Format: (May be changed depending on operational requirements)

C. DIRECTION TO THE PARTY TENDERING

- a. Every tenderer is expected before quoting his rates to inspect site of work so that he will have personal knowledge of various items of work so as to enable him to determine the rates for various items as assessed to his satisfaction.
- b. The tenderers should quote specific rates for each item in the schedule and the rate should be in rupees and paise. The schedule accompanying the tender should be written legibly and free of corrections. Where unavoidable, the corrections should be made by scoring out and then rewriting with initials as authentication. The rates should be written both in words and figures.
- c. The tenderer should affix his signature at the end of each page of this tender and attach other documents thereto.
- d. The contractor may construct his shed for keeping safe the materials that may be issued by the Corporation for the execution of work along with his own materials. Necessary space required for the construction of shed will be allotted by the Corporation.

D. GENERAL CONDITIONS

1. The full and complete particulars of the work will be given to the contractors soon after the agreement is executed.
2. The contractor shall not assign or sub-contract the contract or any part thereof without the prior written approval of the Corporation.
3. The contractor or his authorized agent and his workers will be permitted to enter into the complex for carrying out the work so long as the agreement is existing.
4. The work should be completed within the prescribed time limit. The contractor shall be permitted to carry out the work as long as the agreement is alive. The work should not be discontinued for any reason.
5. At the time of execution of work, the contractor himself or his authorized agent should be present on the spot for supervising the work to ensure proper execution as per the terms and conditions of the agreement.

Signature of the tenderer

6. The contractor is fully responsible for, carrying out the work to the direction of the supervisor of the Corporation according to the contract, if any of his labourers goes beyond the limit and quarrels, or do any other misdeeds within the premises of the Corporation, the contract will be terminated without any notice therefore.
7. The contractor should return the materials received from the corporation intact after the work is completed. If any materials are found missing, the cost of the same will be deducted from the bill payable to him.
8. The General Manager i/c. or any officers of the Tamil Nadu Salt Corporation Ltd. duly authorized may put an end to this agreement at his option at any time and in the case of bad work, actions will be initiated for the termination of the contractor.
9. The quantity of work executed shall be measured and payment made at suitable intervals (once in month) on completion of work under this agreement, final measurement will be made and the final bill prepared and settled.
10. If there is slow progress, suspension of work or subletting the work for a portion thereof the work value of which excess Rs.2,500/- shall be terminated by giving 10 days notice.
11. The General Manager i/c. or any officer authorized may fine the contractor by not less than Rs.50/- and not more than 5% of the value of the completed work for slow progress of work. However the General Manager i/c., in his absolute discretion, may waive or modify the fine imposed.
12. If the value of the work executed exceeds, the agreement value due to unavoidable circumstances, if any, a supplemental agreement will be executed and the excess value paid as per the agreement.
13. a) Additional Security Deposit over and above the initial SD of 2% or 4% as applicable shall be collected from the contractor to whom the work is awarded according to the value of work in case production increases beyond the estimated production for the group to be assessed with every monthly bill.

Signature of the tenderer

- b) The EMD/SD remitted by DD/Cash receipt as per the following details will not be returned until the work is completed in all respects.

The Managing Director may forfeit the above EMD/FSD for non-fulfillment of the terms and conditions of this agreement. However he may, in his absolute discretion, waive or modify the forfeiture so levied.

14. a) A deduction of 2% of the value of work done as IT and 10% of Income Tax as surcharge and 3% on TDS (IT surcharge) towards educational cess will be made from each bill towards the Income Tax/Surcharge/ educational cess and credited to the Income tax Department.
- b) PAN is compulsorily required for payment of first bill or part thereof. Therefore, if Form 16 was filed at the time of tendering, PAN should be provided with one photocopy before submission of first bill by the tenderer.
15. a) The extra expenditure if any, over the above tendered amount, necessitated to be incurred on account of failure of the contractor to execute the work as per the terms and conditions shall be recovered from him.
- b) Legal action may be initiated to recover the excess expenditure required to be incurred by the Corporation on account of such non-compliance of the lowest tenderer besides forfeiture of the EMD/SD.
16. The decision of the General Manager I/c. or any officers of Tamil Nadu salt Corporation Ltd. duly authorized on his behalf as to the rate of progress and quality of work shall be final and binding.
17. The Contractor is responsible for complying with the provision of labour amenities in respect of labourers engaged by him.
18. The contractors are fully responsible to comply with the relevant Rules and Acts pertaining to Labour.

Signature of the tenderer

19. The Contractor should not stop the work in the event of any strike by other section workers or by his workers. He should continue his work and any such stoppage of work will be liable for penalty and loss, which will be collected from the Contractor.
20. The specified quantum of work will be awarded to the lowest tenderer provided he is considered capable. If necessary, the lowest bid tenderer should undertake additional work of the same nature on payment of additional EMD and after executing necessary agreement.
21. If the lowest tenderer is not forthcoming to execute the work, his tender deposit will be forfeited and he shall be reported for the authorities for contractual failure and blacklisting.
22. The Corporation reserves the right to cancel any or all tenders without assigning any reasons therefor.
23. The Corporation reserves the right to entrust the work to one or more Signature of the tenderer contractors according to requirement as decided by the Corporation.
24. Work should be executed adhering to the conditions stipulated above and the general terms and conditions stipulated in the agreement executed.
25. The Corporation reserves the right to entrust any part of the CH work to mechanical operation either in part or fully depending upon the necessity.
26. The Corporation reserves the right to allot more/less beds to the contractor based on the performance/capability during the course of operation or based on previous/past experience.
27. The Managing Director reserves the right to reject any or all the tenders without assigning any reasons therefor and he has the right to split up the work and award to two or more tenderers. The decision of the Corporation in this regard will be final and binding.

Signature of the tenderer

28. DISPUTES

- a) All matters relating to any dispute which may arise during the execution of the contract shall be referred to arbitration or to an arbitrator to be mutually agreed upon between the successful tenderer and the Tamil Nadu Salt Corporation Ltd. And in case of failure to agree the dispute shall be referred two arbitrators, one to be appointed by the Tamil Nadu Salt Corporation Ltd. and the other by the contractors. The two arbitrators shall appoint an umpire. The decision of the arbitrator in the case of the former and that of the umpire in the case of latter shall be final and conclusive and binding on both of parties. The provisions of the Indian Arbitration Act, 1940 (Act 10 of 1940) and the Rules made there under and any statutory modification thereof shall be deemed to form part of this contract.
- b) The venue of such arbitration or any litigation shall be at Chennai city only Arbitration suits or any other claims filed in any Court of law outside Chennai city shall not be binding on Tamil Nadu Salt Corporation Limited.

E. SPECIAL CONDITIONS

1. Specified No. of beds in separate rows will be allotted to the contractors for carrying out the works.
2. All necessary collection/heaping tools/materials (Aluminum baskets, spades etc.) shall be purchased and used by the contractors themselves.
3. The Corporation will not spare Aluminium baskets for carrying out the salt collection work.
4. The contractors should make their own arrangements for collection materials to be used in collection of salt.
5. The salt scraped by our Departmental workers should be collected within three days from the date of scraping and properly heaped in the alternative storage space. The base measurement of the heaps to be stored will be of 15m x 15m with required side slopes. The rain wastage will not be given consideration at the time of final measurement and therefore, it is the contractors botheration to safeguard the collected salt from rain wastage. Any delay caused in this regard will attract imposition of fine of Rs.2/- per tonne based on the quantity left uncollected by the contractor.

Signature of the tenderer

6. If collection of salt is delayed by the contractor and loss is caused to the salt on the ridges due to rains, the loss will be recovered from the contractor's bills at the rate of Rs.150/- (Rupees One Hundred and fifty only) (direct cost) per tonne. The loss calculated for this purpose by the Corporation shall be final.
7. If any delay is observed in collecting and heaping the salt, the Corporation shall make alternative arrangements for carrying out and completing the operations in time. In such cases, the actual expenditure incurred will be recovered from the contractor's bill besides imposition of penalty as per the terms and conditions. If departmental workers are engaged as alternative measures, the actual wages and the proportionate beneficiary liabilities such as EPF, Bonus, Welfare measures etc. payable to them will be recovered from the contractor's bills.
8. It should also be ensured that contamination of earth is avoided to minimize insoluble in salt, while carrying out CH works.

9. Measurements

- i) All salt shall be collected and heaped for measurement. Measurement for bill preparation shall be made on the basis of heap size and standard density of 1 Cum/1 Tonne(ie) 1 Cubic metre = 1 Tonne.
- ii) The heaps shall be formed in the size advised by the Field Staff/Officers and as per their directions.
- iii) The heaps should be formed as per the standards will be measured by the field staff, check measured by Technical Officer & super checked by PM, after 3 days of formation of heaps. The formation of audit team by the Corporate Office will also check the measurements and the lowest measurement will be taken into account for payment.
- iv) In case of trapezoidal heaps, the formula LBH will be applied where 'L' is the average length, 'B' is the average breadth and 'H' is the height.

Signature of the tenderer

- v) In case of rectangular pyramid shapes the formula
$$\frac{B}{6} \sqrt{S^2 - \frac{B^2}{4}} (2L + R)$$
 will be applied, where 'L' is the length, 'B' is the breadth, 'S' is the slanting height and 'R' is the ridge length.
- vi) In cases where the heaped salt is moved to the FSP or sold as unwashed salt after measurement and the same heap is utilized for practical logistics purposes to heap more salt, then the actual tonnage moved as per weigh bridge accounts shall be adopted for calculating the quantity of salt that is freshly heaped.
- vii) In ordinary circumstances, heaped salt formed and measured for payment shall not be partially evacuated except for logistic reasons with the specific directions of the General Manager I/c.. In case of movement to the washery (central platform), the entire heap will be cleared and therefore, no measurement or estimation of tonnage is entitled and only volume/ density based measurement shall be paid to the contractor as specified in sub-para (i) above.
- viii) Preparation of bills will be made only after the completion of CH work in the ridges from 0m to 85 m fully excluding trivial amounts. Any non collected salt in the ridge of corresponding platform will not be considered for billing. This is with a view to avoid accumulation of salt with higher leads and for effective performance by the contractor.

10. **Washing of salt**

The salt scraped and heaped may be washed for reducing the Mg content for supply to industrial consumers. The measurement taken prior to washing will be taken for billing purpose (or) the quantity transported for washing purposes shall be included in the bill.

11. **Method of heaping**

- (i) The length and breadth of the heaps should be uniform. However the average measurement will be taken for billing purpose. The heaps will not be measured if the length/breadth of one side vastly differs from that of the other side.
- (ii) All the four sides of the heaps should be formed properly without any curve/undulations.

Signature of the tenderer

- (iii) The contractors should use rope to ascertain the correctness of the heaps. The heaps will not be measured, if they are not formed as per the above specifications.
- (iv) At the time of final billing the contractor should form the heaps in the rectangular pyramid shape for measurement.

12. SECURITY DEPOSIT (SD):

Successful tenderer should remit 2% of value of order as Security Deposit and enter into agreement.

The security deposit will be forfeited, if the successful tenderer failed to despatch the consignments as per the schedule prescribed.

12. Payment terms:

Bill will be prepared once in a month. Full 100% payment of the bill will be settled within 15 days from receipt of the duly certified bill from the project office and the payment will be after deduction of tax if any.

The contractor shall be liable for all losses, damages suffered by the Corporation due to the negligence of the contractor in the performance of any service under the contractor

13. Other Conditions:

- (i) Contractor should have license under the CL (R&A Act and should have code no under EPF act & ESI Act.
- (ii) Contractor should furnish labour deployment plan for carrying out the work allotted to him without any backlog. For the work for which the quote is made, the tenderer has to give his labour deployment with time schedule indicating the minimum and maximum turn out per day.
- (iii) The contractor should not engage any child labour or old aged people and if engaged action will be taken as per the Labour Act.
- (iv) Schedule will be prescribed for providing periodical payments to the workers to enable TNSC to monitor EPF payments of the contractor or to deduct and pay the amount to EPF by TNSC.
- (v) The Contractor has to effect payment to his workers in the presence of Corporation's representative, preferably in the office premises.
- (vi) **Logistics arrangement:** The contractor shall make all arrangements on his own mobilizing the workers to the work spot and for their stay. Corporation will provide necessary space for construction his own tent or temporary shelter for the stay of workers, if required.

Signature of the tenderer

7. **Penalty clause:** The collection of salt from the ridges to be done within three days time from the date of scraping. If it is not done Corporation will make alternative arrangement for the collection work, for such alternate arrangement by the Corporation shall be reimbursed by the contractor within 7 days from the date of intimation by the Corporation of the amount incurred if it is not paid within that time limit interest @ 12% will be charged.
8. The quantity of salt scraped per scraping will be normally 20,000 tonnes per scraping. This norm will be adopted for calculating the penalty.
9. The Corporation has nothing to do with the contract workers and it is for the contractors to employ his men of his choice conforming to labour law e.g. child labour (R&A) Act or Sec. 67 of the Factories Act. He should also follow the states policy of giving preference to the local people in the matter of employment.
10. The contractor alone is liable for implementation of all the labour laws and the Corporation is not responsible for the employees of the contractor. The Corporation will have dealings only with the contractor with in the provisions of this agreement.
11. **Revision of tendered rate:**

The tendered rate will be in acceptance for the period of contract or up to the extended period of contract. No revision/modification in the tendered rate will be allowed during the period of contract or the extended period.
