Ref. No. 5456/2019/D Dated: 11.11.2019

Sirs,

Sub: Tender - for the implementation of Management Action Plan for Conservation and Management of Coral reefs in Gulf of Mannar Tamilnadu, during 2019 - 2020 in Gulf of Mannar Marine National Park, Ramanathapuram of Tamil Nadu

You are hereby invited to submit separate technical and financial proposals for undertaking the above work which would be the basis for future negotiations and a contract between your firm and the Wildlife Warden.

Name of the work:

A. Coral reef restoration works @ 500 sq.m near krusadai island ,Mandapam Wildlife Range,Gulf of Mannar Marine National Park

The following documents are enclosed to enable you to submit your proposals:

- a) Terms of Reference (Annexure – I)
- b) Supplementary information for tenders (Annexure – II)

SUBMISSION OF PROPOSALS

The Proposals are to be submitted in two parts viz. technical and financial, and the “TECHNICAL” AND “FINANCIAL” proposals must be submitted in two separate sealed envelopes (Both respectively marked in bold letters) following the formats/schedules given in the Annexure II. The first envelope marked “TECHNICAL PROPOSAL” should indicate the description of the firm/organization, general experience in the field of assignment, the qualification and competency of the personnel proposed for the assignment and the proposed work plan methodology and approach in response to suggested terms of reference. The second envelope marked “FINANCIAL” should contain the detailed price offer for the baseline survey of the above works with breakup of cost.

OPENING OF PROPOSALS:

The proposals (first envelope containing technical proposal only) will be opened by the Wildlife Warden or his authorized representative in his office at 3.30 P.M on 26 .11.2019 in the presence of such tenderers or their authorized representative who may choose to be present. It may please be noted that the second envelope containing the detailed price offer of only those who

qualify by obtaining the minimum technical score 75 points, will be opened after the technical evaluation is completed.

EVALUATION

A two – stage procedure will be adopted in evaluating the proposals with the technical evaluation being completed prior to any financial proposal being opened. The technical proposals will be evaluated using the following criteria:

- The firm’s capability and relevant experience in the field.
- The quality of the methodology proposed
- The qualification, experience and competence of the key staff proposed for the assignment.
- The Curriculum vitae of the senior personnel to be deployed for imparting the training should be included in the proposal (in the format for sample curriculum vitae) for assessing the qualifications, experience and competence.

The evaluation criteria for the technical proposal will be as follows:

I.	Specific experience of the consultants with reference to the assignment Points.		30
	(a)	Firm’s past experience 50%	20
	(b)	Personnel 50%	10
II.	Quality of the methodology proposed		30
III.	Qualification and competence of the key staff for the assignment		40
	(a)	General qualification 30%	10
	(b)	Experience in the region & language 10%	10
	(c)	Equipment’s and machinery relevant to the work	20
		Total Points	100

Minimum technical score required is 75 points.

The tender evaluation committee will examine the technical bids submitted by the organization / firms/ institutions.

The Institution/Resource Organization whose proposals are selected will be informed indicating the date and time set for opening of financial proposals. The Institution/Resource Organization whose proposals do not meet the minimum qualifying mark will be informed and their financial proposals returned unopened on completion of the selection process.

After the evaluation of quality, the financial proposals shall be opened in the presence of the tenderers or their representatives who may choose to be present. The name of the Institution/Resource Organization, the quality scores and the proposed prices shall be read out and recorded when the financial proposals are opened. The minutes of the public opening will be prepared. The evaluation committee will determine whether the financial proposals are complete and costing has been done for all the items.

The lowest financial proposal (Fm) will be given a financial score (Sf) of 100 points. The financial scores (Sf) of the other financial proposals will be computed as $Sf=100 \times Fm / F$, in which Sf is the financial score, Fm is the lowest price and F the price proposal under consideration. Proposals will be ranked according to their combined technical (St) and financial (Sf) scores (total 200 points)

The Institution/Resource Organization achieving the highest combined technical/financial score will be invited for negotiations. If the quoted rate exceeds the funds sanctioned by Government. During negotiations, the Institution/Resource Organization must be prepared to furnish the detailed cost breakup and other clarifications to the proposals submitted by him, as may be required to adjudge the reasonableness of the price proposals.

If the negotiations with the Institution/Resource Organization are successful, the award will be made and all other Institution/Resource Organization notified. If negotiations fail, and if it is concluded that a contract with reasonable terms cannot be reached with the Institution/Resource Organization, the Institution/Resource Organization with second highest combined score will be invited for negotiations. This process will be repeated till an agreed contract is concluded.

Please note that the department is not bound to select any of the Institution/Resource Organization submitting proposals.

You are requested to hold your proposal valid for 90 days from the date of submission without change of the personnel proposed for the assignment and your proposed price. The department will make its best efforts to select a Institution/Resource Organization within this period.

Please note that the cost of preparing the proposal and of negotiating a contract including visits to the places of assignment, if any is not reimbursable as a direct cost of the assignment. The successful bidder is expected to commence the assignment immediately.

Please note that the remuneration, which you receive from this contract, will be subject to normal tax liability in India, including service tax. Kindly contact the tax authorities for further information in this regard if required.

Enclosures :

1. Annexure - I Terms of reference
2. Annexure - II Supplementary information.

ANNEXURE - I

TERMS OF REFERENCE

I. Coral reef restoration @ 500 sq.m near krusadai island ,Mandapam Wildlife Range of Gulf of Mannar Marine National Park

Protocol for coral reef restoration work should involve the following,

1. The resource institution/Organization should follow the following protocol without any deviation while doing coral restoration work.
2. The Department has complete data on the degraded reef area in Marine National Park. Accordingly the coral restoration work should be conducted in the Islands as per the site identified with GPS coordinates by the department.
3. In order to maintain uniformity and continuation of existing practice, the low-tech and low-cost transplantation technique as suggested by Ministry of Environment and Forests should be followed.
4. The native coral species should only be considered for restoration.
5. Collection of fragments from the donor coral site should be made with due care and should not be exceeded 5% of the whole coral individual colony. Due precision and care should be taken during fragmentation and transportation of fragments from donor site and fixing with substrates.
6. In order to maintain heterogeneity in the restoration site, fragments of different native coral species should be used.
7. The standardized artificial substrates like concrete frames and fish houses should be used .
8. A minimum of 88 Nos. concrete frames (Size - 1m X 1m X 0.25m), minimum 880 cement slaps each (Size -20cm x15cm x 1.5cm), would construct and used for fixing fragments and placed on the deployed concrete frames.
9. Before deployment of artificial substrates, the 500sq.m restoration site should be divided into 2-4 blocks and a sketch should be drawn with GPS Mark and submitted to Department. The artificial substrates should be deployed in groups / clusters in the blocks.
10. The natural reef areas should not be disturbed during transportation and deployment of artificial substrates.
11. After completion of restoration work, complete GOS Mark details for the deployment of artificial substrates with fixing of fragments should be provided along with underwater video and still photography and report to the department.

II. Budget and payment schedule

The payment will be made to the Resource Organization at 50% on giving the work order, 25% on receipt of the draft surveys report in complete shape and the balance 25% will be released only after approval of the final report in fall shape incorporating the suggestions/modification on the draft survey report by the conservations of Forests and Wildlife Warden.

Income tax and Service tax will be deducted at source on the prevailing rates.

III. Report progress and monitoring

The Resource Organization should submit reports on the progress made at every stage to the Wildlife Warden, Ramanathapuram. The final report should be submitted after discussion with implementing officers.

IV. Termination clause

The services of the Resource Organization will be terminated if any of the conditions of the Terms of Reference is not followed / violated. It will be also be terminated in case of the output is not found up to the mark.
