Item No. : 05

Heard the learned counsel represented the applicant. This is an application for variation of regular permit in respect of stage carriage KL 32 M 593 conducting service on the route Aroormukkam – Kanichukulangara via Aroor, Ezhupunna, Thuravoor, Vayalar, Cherthala, Kuruppankulangara, Perumbrakavala, Areeparambu & Thiruvizha **As** time variation on the same route. It is a long standing permit which was issued on 16.11.1994 in accordance with law in order to meet the requirement of the travelling public. Enquiry officer reported that this route is well served and sufficient services are operating as desired by public and no change in railway timings found to consider this application. He emphatically reported that the revision of timings will adversely affect the travelling public. The RTA held on 30.01.2019 had rejected the time variation application submitted by the permit holder, as there was a clear violation of Section 80(3) of MV Act 1988. So she mooted a new proposal with a dubious intension to alter the settled timings for her convenience.

In Subhash Chandra Vs State of UP[(1980)2 SCC 324] the Apex court held that the Provisions under Motor Vehicles Act, are geared for public safety and not for private profit and casts a duty upon the authorities to protect

Indian lives moving in buses, walking on roads or even standing on margins. So the Motor Vehicles Act has been enacted not for granting benefits to transport operators, but with an object of preventing unhealthy competition between transporters one among the host of other issues relating to Motor Vehicles and Transport. Moreover Clause 19 of the Notification vide No.08/2017/Trans dtd 23/03/2017 have become an indispensable part in considering proposals for variation of such permits. Hence this application for variation is **rejected**.

Item No. : 06

Heard the learned counsel represented the applicant. This is an application for variation of regular permit in respect of stage carriage KL-03/N-9829 conducting service on the route Thuravoor - Mathilakam via Thykkattusery – Srambickal - Santhi Jn - Kelamangalam Info park - NSS college - Varanad-Cherthala **as** Thykkattusery – Mathilakam by extension from Thykkattusery to Aroor temple via Arookutty , Vaduthala, Thrichattukulam, Thaliyaparambu, Chirackal, Thykkattusery, Srambickal, Santhikavala, Kelamangalam, Ottapunna, Thavanakadavu, Chenganda, Varanad Jn, Kalikulam, KSRTC Bus stand, Munsiff court, Iron bridge, Pvt. bus stand. As per the Judgment in MVAA No. 167/2013 dtd. 01.11.2018 from the Hon'ble STAT the matter is taken for consideration and find the enquiry officer specifically noted that the proposed variation will surely affect the convenience of the travelling public in the existing route by the inclusion and curtailment of trips and route and by varying the existing timings. This saved permit will defeat the purport of the prevailing notification by increasing the number of trips in the notified route from Cherthala to Mathilakam from one to two trips in the proposed variation. In Subhash Chandra Vs State of UP[(1980)2 SCC 324] the Apex court held that the Provisions under Motor Vehicles Act, are geared for public safety and not for private profit and casts a duty upon the authorities to protect Indian lives moving in buses, walking on roads or even

standing on margins. So the Motor Vehicles Act has been enacted not for granting benefits to transport operators, but with an object of preventing unhealthy competition between transporters one among the host of other issues relating to Motor Vehicles and Transport. Hence this application for variation is **rejected**.

Even after the lapse of eight months he had failed to produce NOC from the financier. Reminder notice issued to the permit holder which was acknowledged by him on 27/05/2019.
